

DesignPoint is a professional engineering and surveying firm specializing in municipal/civil projects including infrastructure master planning, land development, municipal infrastructure, hydrologic and hydraulic modelling, flood studies, transportation design, legal and topographical surveys, as well as specialized surveying.

DesignPoint is looking for a **Senior Surveyor** to work in our Bedford office. The successful candidate will have the opportunity to work on a wide variety of projects, using state of the art equipment and software, and to work closely with the principals and other senior staff at the firm.

Key responsibilities include:

- Manage and coordinate large and small survey projects;
- Mentor junior surveyors and surveyors-in-training;
- Participate in business development activities;
- Provide client relation support;
- Develop proposals/quotes for survey opportunities;
- Provide instructions and guidance to survey field crews; and
- Conduct quality control of survey plans and other project deliverables.

Key requirements include:

- Registered member with the Association of Nova Scotia Land Surveyors or a member with another association and eligible for registration in Nova Scotia;
- 10+ years of relevant experience in legal surveying;
- Ability to self-initiate and problem solve;
- Attention to detail;
- Strong written and oral communication (English) skills; and
- Ability to work in a team environment;

Key Benefits:

- Close working relationship with principals of the firm;
- Respectful and collaborative work environment;
- Ability to grow and develop with a small local firm;
- Career and personal development opportunities; and
- Competitive benefits and remuneration packages.
